

SCHOOL MESSENGER

The San Simon School District is excited to announce the launch of a new service that will enhance communication by allowing us to deliver important information to you including updates, and notices via automated telephone messages, e-mails, and text messages. This service is not intended to replace our existing means of communication, rather it will enhance them. The district will only use the service to provide information that is timely and relevant. The service is provided by SchoolMessenger. Information regarding this service can be found at www.SchoolMessenger.com/tm

In order to participate in the text message portion of this new service you must indicate your willingness to receive text messages to your phone. The process is simple and only takes a few seconds to complete.

Simply text any one of the following words to the number:

68453: subscribe, option, yes

You'll know you were successful if you receive the following reply message:

You are registered to receive approx 3 msgs/mo. Txt STOP to quit, HELP for help.

You'll want to repeat the opt-in process for any wireless numbers that you wish to include.

Please note, although the district does not charge you for this service, it does not pay for text message charges that may be incurred by you for sending or receiving messages. Check with your wireless carrier for possible charges.

To participate in either the e-mail or phone message portion of the program, please ensure that your phone numbers and e-mail addresses are current. Please contact the main office as soon as possible if your information changes during the school year.

SchoolMessenger SMS Alerts will be utilized to contact you if, for example, the time of a game changes, a cancelled event, or early release.

Contact the office with questions or concerns @ 520-845-2275 or via e-mail info@sansimon.org
